P. P. TRAVERS KNOCKED DOWN BY LIVE WIRE COUPLE'S NARROW ESCAPE FROM FALLING POLE

As the result of the blowing down of a pole of the Western States Gas & Electric Company in the depot yards of the Southern Pacific last evening, which fell into the subway Charles Morrisette and wife, who were walking through, narrowly escaped being killed by being struck with the falling pole, and P. P. Travers, a motorman, who attempted to pull a live wire off the trolley line received a shock that knocked him over, but he was pulled loose by "Nick", an employee of the car barns.

Travers did not suffer any injury from the shock and hurriedly got aboard his car and continued on his run to Oakland.

There were three lines on the pole, a 5,000 volt circuit, a 2,200 volt primary circuit, and a 110 volt circuit. It is very evident that Travers by accident got hold of the 110 volt line, or he would not be alive now to tell of his experience.

Travers was on an east bound car and had just passed through the subway when he heard the crash of the falling pole and the forked flashes of electricity caused by the crossing of the loose wire that had dropped over the trolley line.

He went back in the subway and attempted to drag the broken wire off the trolley line, when he was dropped like a shot. "Nick" from the car barns was there also to drag the broken wire, but he had on the broken gloves.

As a result of the break in the wires all lights in the subway were out for a time, and all of the lights on the avenue were dimmed for about an hour.

If He Wins He Loses in This Suit for 75 Cents

SAN FRANCISCO, Oct. 30.—A suit for the smallest sum ever asked in court in San Francisco was filed here today.

John J. DeDuchi, chimney builder sued John Base, a baker, for 75 cents.

If he loses the suit, he probably will be out at least \$50 for attorney fees and court costs.

In the pleadings he claimed that on May 26, 1920, he repaired a chimney in Base's bakery and that the bill was \$21.75.

He says he was paid \$21 only.

OFFICERS TO BE ON WATCH TUESDAY TO BAR ELECTION FRAUDS

WASHINGTON, Oct. 29.—Attorney-General Palmer today wired instructions to all Federal district attorneys directing that extraordinary steps be taken to detect election frauds and to be especially vigilant to prevent plotting in violation of the national corrupt practices act.

Elks Have Big "Family" Party

Last night there was a Halloween party given by the Richmond lodge of Elks, and "Ma, Pa, Brother and Sister" was invited and a general good time was had. The rooms were decorated beautifully with ghosts and

goblins and other emblems of this season. There were games for the "kiddies" and amusement for the others as well. Those who attended voted the party a huge success. It was in charge of the "Shinolas."

CAMPAIGN ISSUES ARE DISCUSSED G.O.P. RALLY

If the enthusiasm that was manifested at the rally of the Republicans held at the Lincoln auditorium last evening can be taken as an indication, next Tuesday, Harding and his associates will carry this city by a very large majority.

Preceding the meeting there was an automobile parade, with the band along. At 8 o'clock the meeting was called to order by George B. Fredenburg, vice chairman of the Republican County Central Committee and introduced Mrs. J. B. Hume as the first speaker. Mrs. Hume was one of the party that made the pilgrimage to Harding's home at Marion, Ohio, and she told of the home life of the next president and what he stated to the delegation he would do for the people when he was elected.

James M. Murphy, of San Francisco of the Brotherhood of Railway Trainmen, took up the labor side of the campaign and went into the details of it, telling what the voter might expect from the Republican party, and what it might not expect from the Democratic party.

J. J. Dwyer of San Francisco former state harbor commissioner made the address of the evening, explaining very clearly what the Republican party stood for and reviewed the blunders of the Democratic administration for the past eight years.

Aubrey Smith of Sacramento also made an address.

Mrs. Hume, one of the speakers is an old time friend of Councilwoman Marie L. Osburn, having been intimately acquainted in Placer County years ago.

Now is the time to commence the holiday advertising and get the people started on the early shopping.

PROGRAM OF SPORTS FOR ARMISTICE CARNIVAL

Sports will be a big feature of the Armistice day celebration that is to be given by the city. In the evening at the various hotels as well as at East Shore Park.

"Hall and Hennessey" who have charge of the boxing and wrestling portion of the program announce that there will be a four-round bout to a decision between Frankie Neil, former bantamweight champion of the world and Red Shannon.

In the wrestling line, Carl Schultz of San Francisco, the man who defeated Al Hall, July Fourth, will contest with Fred Sprau, the northern California champion.

The program of the races for the day is as follows:

Boys' race under 12 years of age, 75 yards.

Boys' race under 15 years of age, 100 yards.

Girls' race under 12 years of age, 50 yards.

Girls' race under 16 years of age, 75 yards.

AUTO BUS OVERTURNS FOUR ARE SHAKEN UP

Bert Towne, of 2226 Macdonald avenue, driver for the Western Motor Transport Company, had a thrilling experience on one of his trips to Oakland to this city yesterday morning.

Just as he reached Bancroft avenue and San Pablo, the steering knuckle of the motor bus broke and he lost control of the machine. It climbed over the curb, hit a telephone pole, and then tipped over on its side.

Four were injured, C. P. Dunning, Miss Mary Aldridge, George Hansen and Mrs. George Hansen, all of San Francisco.

DIAMONDS VALUED AT \$100,000 ARE LEFT IN A N. Y. TAXICAB

NEW YORK, Oct. 28.—Police today continued their search for \$100,000 worth of jewels in a handbag carelessly left in a taxicab in which the owner of the gems rode from the Waldorf hotel to the West Twenty-third street ferry.

Marcus & Company, jewelers, who reported the loss to the police, refused to give the name of the owner of the jewels. The bag was marked "C. W. M."

Most of the jewels were diamonds. A silver pocket flash was one of the articles enumerated in the description given the police.

Girls' potato race.

Boys' sack race, 50 yards.

Race for members of American Legion, 100 yards.

REMAINS OF INDIANS UNEARTHED AT MARTINEZ

A crew of workmen engaged in excavating for a sewer on Howard street Martinez unearthed a number of relics on Friday morning that indicates that section to have been the burying place of the Indians and perhaps the rendezvous of an prehistoric race.

The relics unearthed consisted of a pestal and mortar, such as were used by the savages, for grinding corn and meal, and a skeleton and a couple of skulls.

City Manager Green took charge of the relics which will be placed on exhibition—the mortar and pestal, we mean—while some disposition will be made of the skeleton.

MAKES AN ATTEMPT TO SHORTEN HIS LIFE

Peter Brandano, aged about 30 years, an Italian of Pittsburg, is at the county hospital with a wicked gash across his throat which he inflicted Thursday night at his home in Pittsburg presumably with a razor. Brandano was able to utter but a few words from which hospital attendants gathered that he had been disappointed in love and sought to end his life. The few words he was able to speak indicated that the girl he loved and sought had married another.

Dr. G. W. Sweetzer, who is attending Brandano, said that the injured man would survive. Although the gash in Brandano's throat as long and deep none of the vital organs or veins are severed.

Brandano was brought to the hospital here by friends. The girl who loved him was married but a few days ago.

Six Minute Ferry to Get Oakland Front Landing

It is now estimated that the cost of removing the spur track of the Parr Terminal Company from the site of way for the proposed auto ferry terminal on the western waterfront of Oakland will not cost in excess of \$1000 and as the Six Minute Ferry Company has agreed to expend

that amount on the track removal, the stumbling block in the way of the new auto ferry has been removed and it is believed that the lease of the site to this company will be approved by the city council. It was first estimated that the cost of removing the Parr spur track would be about \$2500.

U. S. Uniform Brings Greek \$50,000 Bequest

SACRAMENTO, Oct. 30.—Participation in the world war has brought a fortune of \$50,000 from a god-father in Greece to James P. Hasapis, brass foundryman in the Southern Pacific shops here.

In sending a picture of himself in his army uniform to his mother a short time ago the workman sent a duplicate to his godfather. The latter writes that he was so pleased to see him in the uniform of a United States soldier that he has placed \$50,000 to his credit in a bank in Greece.

Ludgi Pellegrini, well known fisherman of Martinez was caught by a deputy game warden with 300 pounds of bass in his possession out of season. The fish was confiscated and sent to the county hospital, which the inmates of the institution enjoyed very much yesterday and Pellegrini paid a fine of \$25.

The pupils of the different schools of the city are much interested in seeing the passage of amendment No. 16, which provides for better schools for the future, and for the past week, have been holding a slogan contest.

Many slogans have been turned into Supt. of schools W. T. Helms, which will be turned over to the English teachers, and the authors of the best of them will be awarded prizes.

Some of the slogans turned in are as follows:

Mike Ondelkato, (Fairmont) "Help the Amendment 16 to win, by letting every Yes come in."

Hilda Holm, (Pullman) "For equal education be keen, vote Yes for Amendment 16."

Louis Guillard, (Pullman) "Vote Yes for Amendment 16 because the fair, that in education, each child should have its share."

John Palmer, (Lincoln) "Vote Yes on No. 16, make California schools supreme."

Elizabeth Pacheco, (Lincoln). "If we aren't worth thirty dollars, who is? Vote Yes on No. 16."

Yvonne Chancellet, (Lincoln). "Give to your children the advantage you never had."

Mildred Lenzen, (Fairmont) "Better schools, Better children, Better children, better citizens, better citizens, better country. Vote for Amendment 16."

Wayne Huskins, (Pullman). "On Amendment 16 vote yes. That education is the key to a better future."

Mildred Gardner, (Lincoln). "If duty do not shrink, No. 16 will do the work."

Charles Hadsell, (Lincoln). "To close the door on ignorance. Reopen the doors of 600 public schools in California."

Helen Veale, (Lincoln). "You may vote for this, you may vote for that, but vote for No. 16. Be you Republican or Democrat."

Two New Vessels To Be Launched at Bay Point Yards

OFFICIAL PAPER CITY OF RICHMOND

THINKOGRAPHS by F. J. HULANISKI

BE KIND AND CHARITABLE

In these days of progress everybody ought to cultivate a spirit of progress, a spirit of liberalism and a spirit of manhood and certainly there is no liberality, manhood or any other admirable attribute in the jaundiced-eyed failure who stands on the corner and rattles his bones at the procession of success that is continually pressing onward.

Don't be a scold and a fault-finder that croaks like a raven. Don't pick out all the flaws in your neighbor, as though you had none of them yourself. There is plenty of good in every man and every woman if you look for it, and exercise for the frailties of their natures the same charity you would ask for yourself.

How many people in your own community can you pick out who have committed crimes, been arrested or gone wrong seriously? When one comes to think that over it is surprising how few there are. Most of our neighbors are good people, God-fearing, law-abiding, hard-working and with the ten good traits to one bad one. That is a good record, yet we continually hear more complaint than praise. The reverse should be true. If a man is worthy of praise or a kind word, give it to him—it helps greatly. Once in a great while some good man or woman comes into this think foundry and gives us a few words of praise over something we have written, and we feel so good over it that we forget to roast the one villain out of the ten thousand good people that we know.

Those who have tried to assert without fear of successful contradiction that the man who invented near beer was a poor judge of distance.

Every house in the country is full, but the jails and individuals do not get as full as they used to, though the moon shows up in that condition once a month as usual.

If conditions are such that one does not and cannot approve of them, he is foolish to vote for them because of partisanship. Right and principle should always be above the prejudices so often growing out of party factions.

At the next session of Congress most of the good things recommended in both party platforms will be passed.

Be sure you are right and then go ahead, is a good old saying, but after wading through steen legislative amendments on a ballot a fellow don't know whether he is right or bughouse.

The official report from Washington states that there is now a circulating medium in this country amounting to \$51.50 per capita. Well, b'gosh, if there is any law in this glorious old country under and by virtue of which the son-of-a-gun who has our \$51.50 can be apprehended and hanged, or burned in oil, or something, we would like to see it get action.

THE COST OF LIVING

That the cost of living has been abnormally high we will admit, of course, but it is also true that there has been and is a lot of high living going on which is even worse.

Hundreds of thousands in the big cities patronize high-priced cafe entertaining outfits and literally burn up money, for which they get absolutely nothing worth while at any price. These swell eating joints, with dancing, mirrors, music and more or less "soft" drinks make an ordinary profiteer look like a piker, and are patronized every day and night by thousands who then go home and roar long and loud over the price of common necessities. Visit one of these places and you will see great crowds throwing away money like a Coaloil Johnny. They charge 75 cents for a seat at the table as a starter, 50 cents for a glass of lemonade on which the first cost is not over three cents. Get a little something to eat and you cannot get out of such a place short of \$5, and from that up and up, and up some more, they have all the food and clothing trusts backed clear off the boards. They do not charge you double price, but from ten to twenty prices, and thousands pay it and act like they liked it.

Anybody who squanders money has no kick coming at the prices of necessities, even though they are high, yet many do that very thing, and then scream at their local merchants and call the profiteers and profiteers.

Consistency is sure some cut glass jewel and moss agate combined.

Some people would vote against a candidate if he were wet and others would vote against him if he were dry, and so the poor candidate is between the devil and the deep sea—sort of damned if you do and damned if you don't—so he whipsaws the turn, if you know what that is, and if you don't you ought to.

It is passing strange that a Bolshevik is always one who has nothing to divide. As soon as he gets anything worth dividing he quits being a Bolshevik.

County Loses Million in Cash and Solvent Credits

The changing of the principal place of business of the Union Oil Company from Oleum to Los Angeles, cost this county this year a loss of the taxes on \$1,500,000 of cash and solvent credits. This loss will mean that the taxes in the Rodeo school district will be higher in the future.

When you're asleep or awake—these men are at work

To keep a stream of clear, fresh water flowing ceaselessly through the mains in your street, calls for loyal men.

Even when at home, asleep, those in charge of the 17 big pumping plants of the East Bay Water system are in readiness to answer emergency calls—a break down of the machinery—increased demands of a big fire.

They and their three shifts of engineers, motormen, and firemen must be constantly vigilant. The loosening of a bolt may mean the wrecking of thousands of dollars worth of machinery and the loss to the city of millions of gallons of water.

Many have been long in the service, such as Frank Harlow, 24 years at Temescal, Oakland; Billy Smith, 13 years at 24th Avenue, Oakland; Carl Martin, 12 years at Rose Street, Berkeley; and J. Caldera, 11 years at 40th and Dimond.

It is the constant vigilance of these men—as well as their knowledge of machinery and electric and steam power—which keeps millions of gallons of pure water flowing to your door.

Big Drury Lane Melodrama is Drawing Crowds

"The Best of Luck" a picturization of the celebrated Drury Lane melodrama by Cecil Raleigh and Henry Hamilton, presented by an all-star cast is at the Richmond Theatre today.

"The Best of Luck" was converted

to the silver sheet by Screen Classics Inc. and is released by Metro. Upon its stage presentation at the Theatre Royal, Drury Lane, London, in 1917, the play was described by British critics as containing more realistic scenes and more thrills than any melodrama that had ever been produced before in that theatre, which is historic as the home of vivid action.

"The Best of Luck" was adapted from its original stage form by A. S. Lewino. Ray C. Smith co-ed directed the production and Harold Wen-

stman is responsible for the clever and unusual camera effects obtained. The picture was personally supervised by Maxwell Karger, D.Director General.

The management of the Richmond Theatre describes the forthcoming feature in months and as a "thriller" that will make even the most blasé picturegoer gasp with excitement and delighted surprise.

At Lawyers Have to Say About Amendment No. 6.

The request of the proponents of amendment No. 6, the Record-Herald has handed in:

opaganda that Amendment No. 6, the November ballot will change health and quarantine laws has been prominent lawyers in different parts of the State to give their opinion as to the actual legal effect of the measure.

George Gelder, for six years member of the Legislature, said, "I know more than most people, if adopted by the people, it would do nothing more than permit healthy youngsters to attend public schools and the State University without being vaccinated or vaccinated against their will."

William E. Colby, lawyer and expert parliamentarian in the assembly, declared that "No. 6 will do nothing more than permit unvaccinated children, or children from homes where there is no vaccination, to attend the public schools."

John M. DeD Hurst, of Woodland, in an interview, said this to say:

"The propaganda against No. 6 is a compound of unwarrantable assumptions and gross exaggerations; it will not repeal or break down a single health, sanitation or quarantine law of the state, nor deprive health officers of any of their powers."

G. M. Gill, well-known Stockton lawyer, concurs with Mr. De Hurst in this opinion, and adds: "No. 6 does one thing. It gives the compulsion out of vaccination."

Attorney Charles Quale, of Oakland, after stating that he would not have his children vaccinated, said: "I know vaccinated people take smallpox and that vaccination is sometimes followed by serious injury and even death. No. 6 will meet this situation by permitting those who want vaccination to have it, and protect those who do not believe in vaccination from having it imposed upon them at the risk of their health and lives. This freedom can be obtained, without loss to any and with infinite satisfaction to a large public by voting 'Yes' on No. 6 on the November ballot."

Mystery Social Knights of Pythias At Hall Tonight

At a largely attended meeting of Richmond lodge Knights of Pythias held last evening, ten esquires took the Knight rank. They were D. A. Davidson, D. Jordan, C. L. Hunt, H. J. Wildgrube, A. H. Nave, J. Shubert, J. Geritz, G. F. Davis, J. R. Nesbit and W. Mendenhall.

The lodge voted to take part in the Armistice day parade, and it is likely that the drill team and the D. O. K. K. will appear in uniform.

A letter was read from A. M. Howes, former publicity man for the lodge who is now in San Diego, putting on a membership drive for the Pythian lodge of that city, in which he states that in the last two weeks the lodge has received over 300 applications for membership. The original roll contained 1300 names.

R. G. Lee, the chairman of the executive committee, which has in charge the "Mystery" social, which will be given this evening, announced that all the plans are complete and that there are surprises in store for everyone. Fred Lutz is the chairman of the arrangements committee.

BOILS And High Blood Pressure

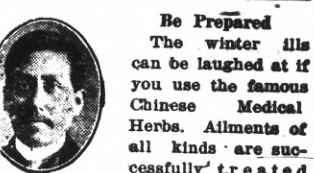

Oakland, May 17, 1929.
"From boyhood I have suffered from boils due to impure blood. My blood pressure was so high that for a long time I had severe headaches and my body was continually wet with excess perspiration.
"After having been treated by many doctors, I finally found one who cut my boils open in a fruitless attempt to cure them. When he had cut me about twenty-five times, I quit. I then tried a milder remedy in the form of the FONG WAN CHINESE HERB TEA. I took the herb tea faithfully for about three months, during which time my blood was thoroughly CLEANSED OF ALL IMPURITIES. When my blood had thus become pure and rich, my boils automatically disappeared, and my blood pressure also became normal. I therefore no longer suffer from either headache or excess perspiration."

Keep California White

It's up to you, Voters of California, to carry on to the finish your fight to keep the State white.

You can't turn back Japanese immigration if you turn your back on James D. Phelan. Fail to re-elect him, and the country will take it as a repudiation of California's demand for exclusion.

Washington knows Senator Phelan is a qualified spokesman for California's security. You can't convince Congress of California's peril unless you stand by the recognized champion of your cause. Senator James D. Phelan has the attention of Congress NOW. Send him back to Washington. Congress will help him finish the fight to keep the State white—if you do YOUR PART.

Re-elect
